Availability: 7 Days
Weight: 5.00kg
Dimensions: 50.00cm x 40.00cm x 20.00cm

Price: \$5,750.00

Short Description

Using Jenvey's Heritage series DCOE throttle bodies, this ITB kit combines awesome performance with classic looks and modern reliability,

Kit comes with injectors, velocity stacks and throttle position sensor.

Description

Suits all Ford Alloy Head XFlow 6 cylinder engines. Comes with 45mm TB series throttle bodies which are capable of supporting nearly 400HP although 48mm can be ordered at no extra cost. This will raise the limit to approx 450HP. 50mm can be used but significant manifold porting is required at extra cost.

Kit Contents

- TB45 DCOE Triple Set throttle bodies
- 90mm long air horns
- Fuel rails with -6JIC fittings.
- Linkages
