Availability: 7 Days

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Call for Price: +613-8743-5550

Short Description

Take your lap simulation to the next level by mating the driver directly with your vehicle model in the Chassissim DIL.

Description

More than just another arcade game, the Chassissim Driver In The Loop add-on pack takes your vehicle model from the engineering office into the driver's hands. The fully transient, multi-body approach of the Chassissim physics engine makes for the most realistic
