

Hellerman Tyton Right Angle Moulded Boot 14 connectors

Brand: Hellerman Tyton
Product Code: HT1155-GW8
Availability: 7 Days
Weight: 0.01kg
Dimensions: 5.00cm x 5.00cm x 5.00cm

Price: \$22.83

Short Description

Right angle plug-and-socket connector terminal casing. This style is used in conjunction with circular grooved adaptor, providing protection against environmental stresses. The inside lip has been designed to provide extra reinforced stress relief. Suits 14 size Souriau Autosport Connectors.

Description

Features & Benefits

- Heatshrink shapes provide watertight seals around cable splices, protecting against mechanical conditions and corrosion while maintaining electrical insulation.
- They are made from a variety of compounds used in temperatures from -70°C to +200°C.
- Hellermann's advanced materials resist exposure to fluids including water, engine oils, hydraulic fluids, gasoline, and cleaning fluids. Plus, their high-shrink ration and configurability allow the product line to handle most transitions with ease.
- These products can be used in a wide range of applications-from motorsports to aerospace.
