Brand: Jenvey

Product Code: 94-002A

Availability: 7 Days

Weight: 2.00kg

Dimensions: 50.00cm x 30.00cm x
20.00cm

Price: \$2,970.00

Short Description

With tapered 51mm throttle bodies and a direct intake path, this ITB kit really unleashes the extra power available in the Clio 3.

Description

This ITB kit is designed with ultimate performance and adaptability in mind. The F4R-830 engine found in the later Clio Sport 197 or 200 has the benefit of an improved head design and variable cam timing on the inlet cam, making ITB's even more effective. Especially when coupled with our Cat Cams and PEC high comp pistons and steel rods.

Using the tapered SF series throttle bodies allows custom solutions including high mount injectors and larger bore sizes possible. Custom cold air intake also available at extra cost.

Kit contents

- Inlet manifold
- Four tapered 51mm throttle bodies
- Fuel rail
- Air horns
