

# Magneti Marelli Inductive Speed Sensor SEN8D

**Brand:** Magneti Marelli

**Product Code:** SEN8D

**Availability:** 53

**Weight:** 0.10kg

**Dimensions:** 10.00cm x 10.00cm x 2.00cm

**Price: \$107.50**

## Short Description

A cost effective and rugged sensor for speed detection of ferrous toothed wheels.

## Description

This tough little mag speed sensor is ideal for crank or cam position sensing or wheel speeds.

It also has many OEM applications

## Technical Data

Applications; Crank, cam, wheel

Operating temperature: 125 Deg C Max

Air gap: 0.5 - 1.0mm

Speed range: 40 - 12000 rpm (dependent on trigger wheel)

Output at 40rpm: >400mv peak to peak

Weight: 60 grams

## Specification

Make	
Alfa Romeo	164 2.0 Turbo
Fiat	Cinquecento 0.7
Fiat	Croma 2.0i and Turbo
Fiat	Fiorino 1.5
Fiat	Regata 100
Fiat	Regata 75
Fiat	Ritmo 75
Fiat	Tempra 1.8
